PROFILE SUMMARY

- Enthusiastic and self-motivated software engineering graduate with hands-on experience in building full-stack web applications using the MERN stack (MongoDB, Express.js, React, Node.js).
- Skilled in JavaScript, RESTful API development, and responsive design.
- Completed academic projects and personal prototypes demonstrating proficiency in both front-end and back-end development.
- Passionate about creating seamless user experiences and eager to contribute to innovative web solutions in a collaborative environment.

SKILLS

Frontend

- HTML
- CSS
- JAVASCRIPT
- REACT

Backend

- NODE
- EXPRESS

Database

- MONGODB
- MYSQL

Version Control

- GITHUB
- POSTMAN

PROJECTS

Trendique – E-commerce Website

- Developed a full-stack e-commerce platform using **MongoDB, Express.js, React.js, and Node.js**.
- Implemented **user authentication, product management, and shopping cart functionality** with RESTful APIs.
- Designed a **responsive UI** and optimized backend performance for a seamless user experience.

Portfolio Website

- Developed a personal portfolio website using **HTML and CSS** to showcase projects, skills, and achievements.
- Designed a **fully responsive layout** compatible with desktop, tablet, and mobile devices.
- Implemented **smooth scrolling navigation and a contact form** to enhance user interaction.

Instagram Clone

- Built a full-stack social media app with **MongoDB, Express, React, Node.js**.
- Implemented **user authentication, posts, likes, and comments**.
- Deployed backend on **Render** and frontend on **Vercel**, production-ready.

Expense Tracker

- Developed a responsive expense tracking application using **React** with global state management via the **Context API**.
- Implemented **add, edit, delete, and category/month filtering features** with **LocalStorage persistence** and a clean, mobile-responsive UI.

Movie Search

- Developed a responsive movie search application using **React.js** and **OMDb API**.
- Implemented **dynamic search functionality, movie detail pages, and routing** for seamless navigation.
- Styled the UI using **modular CSS** and deployed the application on **Vercel**.

Booksky

- Developed **Booksky**, a responsive book management web application using **HTML, CSS, and JavaScript**.
- Implemented **dynamic add, view, and delete book features** with a clean and user-friendly UI design.

CERTIFICATION

MERN Stack Development Course

- Covered MongoDB, Express.js, React, and Node.js.
- Hands-on experience with REST API development, authentication, state management, and database design.
- Gained expertise in full-stack web development and deployment.
- Worked with **Git, GitHub, and Postman** for version control and deployment.
- Integrated **third-party APIs and libraries** to enhance application functionality.

EDUCATIONAL QUALIFICATIONS

Master of Science in Computer Science **2024 to 2026**
Alagappa University, Karaikudi.

Bachelor of Science in Computer Science –First Class with 7.50 CGPA **2021 to 2024**
A.V.V.M Sri Pushpam College, Thanjavur. (Affiliated to Bharathidasan University, Trichy)

DECLARATION

I hereby declare that the information furnished above is true to the best of my knowledge.

Place: **Chennai** Yours Truly,
